There are no receipts for this month.

Checking: \$3922.51 Petty Cash: \$64.01 Total Chapter Assets: \$3986.52

Respectfully submitted, Kimberly Beeman, Chapter 54 Treasurer

New Business: Discussion of possible Virginia Broadcast Engineering course presented to both chapters and looking for feedback and volunteers.

Program: Presentation: Lightning Protection 101: This is PT II of the original program presented in May of 2023. At the end of this program, participants will receive a certificate (Lightning Protection 101). *Our presenter was Kimberly Loehr, co-owner of Loehr Protection Company.*

Summary:

A review of proper lightning protection system design and application as conforms with UL and NFPA lightning protection requirements. Learning Objectives: Participants will gain a general understanding of how lightning protection systems work including the five essential elements of effective lightning protection systems. At the end of the program participants will be aware of the considerations that should be made during project planning to specify effective, attractive and low-maintenance lightning protection systems for all types of structures. See attachment for more details.

Meeting adjourned 1:58 PM
