Respectfully submitted, Kimberly Beeman, Chapter 54 Treasurer

New Business: Chapter election results were surveyed via email. Current Chapter president also made a formal motion to accept during the meeting. Motion was carried.

Presentation: Disaster Recovery Planning

Presentation Summary: Many of you already have a Disaster Recovery (DR) as dictated by your company. Harry Orell, Vice Present of Technology at VPM has been working with his team to determine vulnerabilities within the broadcast operation of the company. His questions get really deep where maybe some DR plans don't go. The term "Disaster Recovery" takes on an assumption of some severe natural or human-made disaster but it can also be as simple as a snowstorm, heavy rainfall, or maybe the one and only transmitter engineer just won the Virginia state lottery and bought a private island somewhere in the world. Whatcha gonna do? Harry will not preach best practices; this will be an engaging exercise and discussion. Expect this to be a very interactive exercise.

Meeting adjourned 1:37 PM
