New Business: Mike Friedman from Chapter 60 has moved to another state. We are including Chapter 60 in our meeting invites and have, for the time being, decided to keep offering joint meetings instead of merging the chapters.

Presentation: Mike Thompson from Lumenserve.

Bringing to Light: The Changes in the Tower Lighting World.

The FAA compliance rules for your tower's obstruction lighting continue to be updated as evidenced by the November 2020 Circular. Lumenserve will review some key aspects of the regulations that you need to know. LEDs have been around for many years. However, in the tower lighting world, their deployment is creating big changes. In addition, the traditional practice of procurement, maintenance and monitoring has a new model: Tower Lighting as a Service. Lumenserve is at the forefront of this new approach to tower lighting, and we will explore its advantages and implications.
